## *CWC Committees Explained....*

### *Nurture*

**Hospitality:** This group prepares the tasty bites and drinks for our meeting. Many members participate in an Ad Hoc manner. Feeling inspired? Join this committee and share your latest culinary triumph!

**Canterbury House- Luncheons:** One of our outreach projects Canterbury House is an unassisted living facility for older adults in downtown Charleston. We host two luncheons, fall and spring, for the Catholic residents (1<sup>st</sup> Friday Masses held there, too).

**CWC Celebration Cocktail Party:** Our year end (May) Celebration dinner is a time for CWC members, their guests, priests and the church staff to enjoy an evening out with great food and celebrate the past year's accomplishments while anticipating the upcoming year. Members pitch in to provide food, decorations, set-up, and clean-up.

**Homeworks:** Another outreach project: each summer young volunteers come to the Lowcountry to repair homes for the elderly and poor of the Sea Islands. Many church groups feed them during their stay and we are one! CWC provides lunch one Saturday in July on John's Island.

**Neighborhood House:** Each month our club donates supplies to this wonderful organization established by the Sisters of Charity of Our Lady of Mercy. Their social service outreach ministry is located on America Street on Charleston's East side. A different item (sweaters, snack packs, toiletries) is requested each month and our members bring donations to the CWC meeting.

**Outreach:** Ronald McDonald House, 180 Place, Carter May House and other charitable organizations within the community.

### *Nature:*

**Gardening Group:** Keeps our beautiful Mary Garden looking fabulous! If you like to dig in the dirt, weed and plant annuals, we have a spot for you! (No heavy lifting required.)

### *Inspire:*

**Education:** Seeks to explore new avenues to expand our faith whether it be the *Education Minute* each meeting or a more in depth experience during *Dinner and Discourse* evenings which features a speaker to inspire us to grow in our Catholic faith.

**Canterbury House:** Assist with fall and spring luncheon for our Catholic residents living in the Canterbury House.

### *Create:*

**Communications:** Facebook, Cathedral Website and Roving Photog? Keeping up with all our activities that's organization and communication!! Our Communications group is on it!! If you have social media skills, an eye for the perfect photo or are a mad marketer this is your place.

**Commemorative Brick Project:** An ongoing fundraising and grounds beautifying group! The Mary Garden is the beautiful center piece of our Cathedral ground and the bricks provide a living memorial for the past generations and place of honor for the present and future generations of the Cathedral.

**Membership:** If you could be a professional cat wrangler think about joining this committee a hand welcoming members to the meetings and hawking the 50/50 tickets.
