

# Mary Meditation Garden

## ✧ Commemorative Bricks ✧

The Cathedral of St. John the Baptist Women's Club (CWC) is offering a beautiful way to honor or memorialize family and loved ones in the Cathedral's new garden design.

The Mary Meditation Garden has been paved with bricks that are laser engraved with permanent inscriptions. The bricks' color is similar to the brownstone of the church.

The proceeds from the sale of the bricks has enabled the CWC to raise the funds needed to refurbish and repair the pews. The pews were the major undertaking for improvement following the successful kneelers project.

The CWC appreciates that the much needed repair and restoration was accomplished with your support and purchase of the Cathedral cookbooks and bricks. Thank you for your support!

Hopefully, we will be selling bricks for many years to come. The CWC offers the Commemorative Bricks as a permanent paved addition to grace the new garden in front of Our Lady and pathway to her. Please understand, only people can be honored in this holy place. Consider your opportunity for memorials of deceased loved ones, honor your living family members, commemorate anniversaries, birthdays, and sacramental occasions!

***• Orders can be placed at any time as this is an ongoing project •***

**We are offering expertly laser engraved 4" x 8" bricks for \$125.00 each.**

Please fill out both sides of the order form. When ordering more than one brick, fill out a copy of the inscription form for each brick ordered and attach. See Inscription Form on the back.
